

DIN-RAIL-KIT-2

DIN-Rail Clip for Applications Where Vibration or Movement Requires a More Secure Clip. Complete with Screws for Mounting.

Features

- ▶ **Stainless Steel Construction**
- ▶ **Coil Spring Loaded Latch**
- ▶ **Secure Snap on Design**
- ▶ **Removable Only when Clasp has Been Opened**

INTRODUCTION

Antaira Technologies' **DIN-RAIL-KIT-2** was designed to replace standard DIN-Rail clips in applications where the environment requires an even more solid connection to a DIN-Rail. Not only will these clips hold a DIN-Rail more securely, but they will also release from the DIN rail more easily. This is done with the innovative design that requires a clasp to be released before the clip will release its hold on the DIN-Rail.
